

Pick Sets

9-PIECE GSP PICK & SPINNER SET

With the **Nine-Piece Government Steel Pick & Spinner Set**, you will enjoy an excellent selection of Peterson's best picks and you will have room left over to add a few of your favourite extras. Additionally, the widely popular plug spinner lets you save time and energy when you need to turn a lock the opposite way without allowing the pins to spring back into the plug and lock it again.

Main Benefits:

- With the **Peterson Plug Spinner** at your fingertips, you will save time and energy when you need to turn a lock the opposite way without allowing the pins to spring back into the plug and lock it again.
- **Government Steel.** Peterson's own high-strength material. Each of these picks is durable and reliable. They are also rust-resistant and corrosion-resistant, which makes them an even smarter choice if you have to work during bad weather.
- **Plastic handles and tensile strengths** of these picks give you an unparalleled feel on the lock.
