

# XHORSE DOLPHIN KEY MACHINE

Cut flat & laser vehicle keys. At an unmissable price.

### Lithium Battery

Equipped with a rechargeable built-in lithium 64.75wh battery to cut 30-50 keys in one charge.

You can still use the machine and cut keys while you are recharging it.

### User-friendly.

Operated via Blue-tooth using the FREE Xhorse app for Android and IOS. An intuitive interface allows you to search the **key database** and use your key machine.

### For Flat and Laser Vehicle Keys

\* Requires optional M3 Jaw (not included).

### Fast.

Your machine will boot instantly and quickly cut your customer's key

### Stay ahead.

You will receive regular online updates for your key machine and stay ahead of your competitors.

### Essential when your customer has lost all their keys.

Customer has lost their keys? With Xhorse Dolphin you can:

- **Use the database** to search for your customer's vehicle make and model.
- **Cut by bitting.** You can search the database to select the correct key blank, key type and vehicle manufacturer before entering the cuts.
- **Find bitting.** You can use the database to select the correct vehicle manufacturer, key blank, key type and the machine will find possible cuts.

### Portable and convenient.

With a feather-like weight and an ergonomic handle, it's perfect for emergency calls and roadside jobs.
